**LOVE DOUBLING
BACK ON ITSELF**

With a mastery etched from almost five decades of disciplined inner practice and service, Swami Khecaranatha is an authentic adept of Kuṇḍalinī Sādhana in the Nityananda & Rudrananda Lineage.

In this intensive Swamiji will lead silent and guided meditations, teach powerful meditation techniques, give śakti transmission, and elucidate the essence of the extraordinary teachings of nondual traditions.

I am offering this online intensive to support everyone in this time of challenge. It is free- although you can make a donation if you wish.

It is my sincerest hope that we all can use the current state of the world to, in fact, choose our own inner state. Not only is it possible, but imperative, that we connect to the deepest core of ourself, which is Divine Love, and then extend and offer that love in service to others.
